PROFESSIONAL SUMMARY

Information Technology graduate with a strong interest in Data Analytics, Artificial Intelligence, and Cloud Computing. Skilled in Python, SQL, Excel, and problem-solving through academic projects. Currently expanding knowledge in Power BI, cloud technologies, and modern data tools while building practical projects. Passionate about applying analytical thinking to solve real-world business problems and seeking an entry-level Data Analytic role.

SKILLS

Programming Languages: Python, SQL, C++, HTML, CSS

Data Analytics: Microsoft Excel, SQL, Pandas, NumPy, Matplotlib, Data Cleaning, Data Visualization, Exploratory Data Analysis

Tools & Technologies: Git, GitHub, Firebase, Android Studio, VS Code, Visual Studio, Jupyter Notebook

Cloud & DevOps (Learning): AWS, Docker, Kubernetes

Soft Skills: Problem Solving, Analytical Thinking, Communication, Teamwork, Time Management, Quick Learner

PROJECTS

Medicine Reminder App | *Kotlin, Firebase, Android Studio*

2026

- Designed and developed an Android application to help users manage daily medication schedules with timely reminders.
- Integrated Firebase Authentication and Firestore to securely store user profiles and medicine schedules.
- Implemented recurring reminders, dosage tracking and medicine history for improved medication adherence.
- Designed a clean and user-friendly interface with a focus on simplicity, accessibility and ease of use.
- Currently enhancing the application by adding caregiver support, smart reminder features and improved notification management.

Academic Data Analytics Projects | *Python, SQL, Excel*

2026

- Built small analytical projects using Python and SQL to clean, organize and analyze datasets.
- Performed data cleaning, filtering and exploratory data analysis using Pandas and Excel.
- Created charts and visualizations to identify trends and summarize business insights.
- Practised writing SQL queries involving joins, grouping, filtering and aggregate functions.

EDUCATION

Guru Nanak Khalsa College

Mumbai, Maharashtra

Bachelor of Science in Information Technology

April 2026

- CGPA: 6.2/10

Higher Secondary Certificate (HSC)

Maharashtra State Board

Commerce Stream

2022

- Percentage: 58%

RELEVANT COURSEWORK

Data Structures • Database Management Systems • Python Programming • Java Programming • Operating Systems • Computer Networks • Software Engineering • Cloud Computing • Artificial Intelligence Fundamentals • Web Development

CERTIFICATIONS

Programming in Python | *NPTEL*

- Completed an NPTEL certified Python programming course covering programming fundamentals, problem solving, functions, object-oriented programming and file handling.
